E-mail address	

1. Experience of the company:

The company has to describe 5 similar contracts (concerning experience in NATO MJXs such as scripting personnel with experience in Intelligence, Operations, Targeting and Sustainment domains, MEL MIL- Vignette development process).

	Experience 1	Experience 2	Experience 3	Experience 4	Experience 5
Client					
Date (year)					
Place of execution					
Amount of the contract in €, inclusive of all taxes					
Name of the exercise					
Description of the executed services					

All the aforementioned provided data should be accompanied from the relevant performed contracts.

2. Evaluation of assigned staff experience

For each role, the applicant must suggest two experts (NRDC-GR **will not accept the same Role Players** being on different bids, from different companies).

Role players may have multiple roles.

Curriculum vitae has to be jointed for each suggested expert. This curriculum vitae should be updated and validated for the concerning use from the bidding company. The aim of this action is notably to ensure that the personnel of the applicant have a good experience and the expertise in the maximum of fields.

In terms of civilian SMEs broad expectations, the key aspect is relevant experiences (up to 4 as maximum) related to Intelligence, Operations, Targeting and Sustainment domains.
